DEDICATION

To the inhabitants of planet Earth and to all those beings of Light whose evolution is being accelerated in these transformative times in which you live. Indeed, these are times when the strongest among you are being stretched as well as the weakest among you. Within the confines of today's distinct parameters, humankind is pulling apart at the seams. We see strife within families and within nations whether during war or during peaceful times. We see division threatening relationships that have stood the test of time, but have crumbled during the test of stress. We have heard the wail of Mother Nature, as she loses her mighty mountain ranges, her rivers and her forests. We have seen tall majestic buildings, man's monuments supreme, leveled to the ground. We have witnessed great sufferings at the hands of mad men and great efforts toward peace remaining unseen and unheralded. We have seen the creation of war for the sake of greed and for the ever luring penchant for power. We have seen the source of power disappear before eyes that no longer reflect a world of innocence.

And to those of you who follow in the footsteps of greatness, in the discipline of non-violence, and in the walk of peace, we dedicate these prophecies.

Toward the One,

ORION

ACKNOWLEDGMENTS

I wish to thank all those who have helped this book become a reality. First, I thank my spiritual teacher Shree Vasant Paranjpe, for his insight, wisdom, and amazing grace. Without his persistence in encouraging me to do the work for which I came, I would only be dreaming.

And to my beloved husband Jarek, who always understands and honours this work and has the devotion and commitment to evolution that is a deep inspiration to me. And for his love that helps to keep me centred and aware of what is valid and true in this sea of life.

To my brilliant son Jacob Elijah Sawyer for all those hours of assistance with text preparation, cover concepts, and constant creative input. For his youthful enthusiasm, zest for life, and honesty that keeps me on my toes.

My loving gratitude to Jamal Wilson for his depths of friendship, his steady editorial assistance and for his joy.

A special thanks to Stephen C. Eaton, who assisted unselfishly with the earthly aspects of producing this book, as well as with the editing, and with his song.

To Rory Maher and to my 'daughter-in-heart', Katherine Sawyer for their great work on the index and for listening to me read and re-read transmissions to their appreciative audience.

And to my grandson Kabir, for providing the Light.

With loving thanks to my dearest friend Darlene Haggerty for her patience, support and love, and for her much-needed expertise in the final stages of the book.

My gratitude to my longtime friend Lisa Powers, for her discerning eye and good grammatical sense, and for her time and encouragement in helping edit these transmissions in U.S.

And thank you to Krzysztof Kaczkarek for his incredible sense of design for the book cover, and to Rafal Szczerba for his creative ideas and typesetting.

To all those people who have helped to disseminate these Orion

transmissions for years, every month e-mailing them to many countries around the world. Thank you to Lisa and Richard Powers in U.S., Lee and Frits Ringma in Australia, Dr. Ulrich Berk in Germany, Anne Godfrey and Bruce Johnson in India, Jimena Clarke in England, Abhay Paranjpe in India, Aleta Macan and Abel Hernandez in Peru, Hector Rosas in Chile, Reiner Szypior in Austria, and to everyone who has kept them circulating.

And lastly, my deep appreciation and gratitude go to my dear parents, Phil and Adele Rosen, who may not understand this work, but who have always been there, arms open wide in acceptance of this unusual offspring who is their daughter. For their willingness to acknowledge and encourage the creative spirit, I am ever grateful.

FOREWORD

According to ancient teachings, there are numberless billions of universes. Out of this ours is one. All this is cosmos and not chaos. That means if there is disturbance anywhere it affects the whole universe.

Nature functions on the law of action/reaction, the Law of Karma, the Law of reap as you sow. Human being is the only living physical occupant of the planet that has the ability to use intellect to make decisions that can maintain this harmony in nature or throw it out of balance. If we look around we can see the incredibly poor decisions man has made by paying tribute to short term benefits of technology without considering the long term environmental implications.

Our planetary brothers want to help us set things right and this is the purpose of the planetary messages. To be forewarned is to be forearmed. These messages come from highly intelligent beings. If you read in between the lines, it is not only advice, but warning.

ORION is with us. From ORION has come great warning to planet Earth. Also, great blessings to planet Earth.

There are forces outside Earth's perimeter poised to destroy the planet. War exists not only on planet Earth but on other warring planets. We would say that it is only the Will of Divine which has protected this planet from total destruction up to this point. It is as if a big Hand has covered this planet and protected it from this danger. That protection is always there and will continue to be there.

There will be great turmoil on planet Earth from natural causes and also from man's own nature. That means violence, greed, jealousy and wars resulting from that. We may see rivers washing away, mountains crumbling to the sea, icebergs and drifts of broken snow.

In all ancient traditions passed down through word from generation to generation, there is such a rich source for all types of healing, for rejuvenation of the planet, for air and water resources, for purification of the organism and so forth. All of this has been lost. ORION is stressing the great beneficial effects of some of these processes

pertaining to purification of air, soil and water through the agency of FIRE. People on all continents have already experienced the miraculous effects on Agriculture, Medicine and Psychotherapy.

ORION asks us to become self-sufficient in farming by utilizing this ancient scientific knowledge. ORION is also stressing how quickly we can rise high to the state 'I AND MY FATHER ARE ONE' with only a little effort now as there is a strong Divine Will to raise the consciousness of Earth inhabitants.

Let us go in the way of science but go the way with reverence.

Let us speak of the ancientmost science of bioenergy from the VEDAS but speak of this in all humility.

Let us bring these great transmissions from another planet to the people of Earth, but let us do so with innocence.

Let us remember a NEW ERA is upon us. KINGDOM OF HEAVEN IS VERY NEAR AT HAND. THERE WILL BE PEACE, BLISS AND PROSPERITY FOR ALL.

Vasant V. Paranjpe

PREFACE

Parvati's Story

Weaving our way through the intense gusts of freezing wind and snow, we continued walking up the mountain road until we reached the forest. We came upon a wide, snow-covered glade shimmering in the red glow of the setting sun, surrounded by a ring of snow-laden evergreen trees. We sat down and began lighting our small fire. At exactly sunset, we chanted Mantras into the atmosphere and made our offering to the pyramid fire. I called out to nature to give us some kind of sign if this was indeed 'home'. What I received that night was a resounding yes, as from all around the forest that encircled us came ethereal, translucent Devas. These flowing white shapes moved slowly toward us until they formed a semi-circle around the fire. We sat in silence. As the fire flickered toward the end, the Devas retreated back into the trees, still facing us. It was then we knew we had found our land. Bhrgu Aranya Healing Centre and community began on this same land in 1995.

From a young age, I felt different from other children. I grew up in a Jewish household in a small Pennsylvania Dutch town in the fifties. I always felt something stirring within me that propelled me into creative endeavours and kept me far from the 'norm'. I could not relate to the everyday interests of the young people in my hometown. My heart was always seeking more. I dove into art and wrote poetry as if my life depended on it. It did. I needed the creative outlet they provided for my torrent of emotions. At times, I hid behind the 'image' of the artist/poet and revelled in the late beatnik culture. The new free verse poetry freed my spirit and I took off running! Immediately after graduating high school, I escaped from the small town where I grew up and met new people who didn't judge me for my differences. Instead I felt a camaraderie that took me by pleasant surprise. From a rebellious high school student, I moved on to college and gradually into the hippie culture of the early sixties, that again offered freedom from

constraints and rules that could not confine me. Delighted with the freedom, I embarked on my own downhill slide into drugs. Fortunately that phase lasted only a few years and the yearning in my heart returned. There must be more to life. There must be more.

With the advent of the seventies, everything changed within me. Through meditation, all my cosmic realizations of the sixties were blown to the wind and a new realization took form and shape. I was a part of a vast universe and I had a distinct purpose in it. The path unveiled itself before me in 1974 when I returned from a summer living on a defunct fishing boat in Santa Cruz, California. I moved to Baltimore Maryland, where I studied child psychology and art therapy by night and worked in a health food store by day. On the first day of my job, my boss shared a special healing fire with me that evening after work. As the flames of this amazing little fire swirled within the copper pyramid, albeit in the front seat of her Volkswagen beetle, I felt better than I had in years. Taken with it immediately, I began the sunrise/sunset practice of Agnihotra. After two weeks, the asthma that I had since childhood disappeared. This practice began to transform my body and mind.

One evening during meditation I began automatically speaking German language which I had never spoken before. This continued night after night, along with visions of war. I had never considered 'reincarnation' before, but later I was to find out what these visions were revealing. Throughout these experiences, I heard a gentle, firm voice that calmed, centered and supported me. This voice would later be identified as being that of Shree Vasant Paranjpe, a very humble man who travelled the world teaching the ancient Vedic science of Agnihotra. I remember when I met him. It was a wonderful night. I came to a private meeting not knowing what to expect, but I did know that I had decided to live a celibate life and to give myself to meditation and prayer. So when I met Shree Vasant and the first words out of his mouth were that I would marry and have a special son who would come to this work at a young age, I was shocked! And of course, in 1979 I did have my son and he is what I was told he would be.

In 1976, I accompanied Shree Vasant on his travels throughout Germany and Holland. In Germany, I had many past life experiences of World War II and was even guided back to old neighbourhoods where I had lived before, in Stuttgart. Reincarnation was news to me! During this time of transformation it was Shree Vasant's patience and fortitude that helped me work through my past life trauma, to enable me to become whole.

Later, we travelled to India where I was taken to meet the great Parama Sadguru Shree Gajanan Maharaj of Shivapuri, Akkalkot, a Divine Being whose mission on Earth was to resuscitate the Vedas. His presence was so powerful, I felt like I had come home. His eyes danced like stars and He moved with incredible grace. I felt then as I do now that He was definitely from another world. I had never seen such love in anyone's eyes before nor have I since. Service was my only goal from that moment on.

The guidance that had begun in 1973 continued becoming more and more clear. I was trained for years to simply write the messages as they came and not to share them with others, not even to say that I was receiving guidance. It was difficult because for years I wrote rapidly during meditations. Others were curious to know what I was writing. It was suggested that I tell them simply that it was my thoughts. Only now do I realize what a blessing my teacher was giving me, by protecting this ego from becoming enamoured with power or self-importance. I wasn't ready at that time to share the messages. I also was trained not to interpret them. So, when Orion transmissions began to come in 1997, I was ready. They came and I recorded them, without analyzing or altering them in any way. They continue to enrich our lives daily.

Now I know in my life that there is the subtle world that calls me. It always has. Though the guidance is an everyday occurrence, the clarity and vision we human beings are capable of tuning into never ceases to astonish me. I believe we all have those capabilities and that to go within is our greatest blessing. If only we all knew it as the never-ending source of inspiration and wisdom that it is.

There are no boundaries in love. There are no closed doors or bolted gates. Where there is love, there is open space only to be filled by it. I am so amazed by the love within us all. If I have learned anything, it is that. To be an instrument in the hands of the great Creator is absolutely all that appeals to me. We are all peeling away our layers of resistance, our egos, our desires and attachments, to be able to be used in the band of Light. I am honoured to be in this 'band'.

With love,

Parvati

TO THE READER

This is a book about evolution, humankind's evolution and the evolution of planet Earth.

The Orion Transmissions are received in what I would refer to as 'telepathic transfer'. It isn't exactly channelling. I do not request guidance. It just comes in the form of a voice and I write exactly what I hear. I hesitated to go public with what I was recording until it became apparent to me and to those close to me that what I was receiving was not mine to keep. These transmissions are a record of what came from the year 1997 through 2000. The pages numbered way too many for one book, so I compiled a second volume of Orion Transmissions dated 2000 to 2003.

In the beginning, when I first began sending these transmissions out to the public via letters and later via e-mail, I simply typed them and sent them as they came. Then, as the recipient list grew, upon request I started adding my own personal letter before each set of transmissions.

It never ceases to amaze me the wondrous insights and compassion that these Beings of Light have proffered us. I am deeply moved by their sincerity and by the innocence of the beings who receive them with their hearts. That is you. Thank you for partaking of these transmissions. I hope they shed light on your lives as they have on mine.

Now, some points for clarity:

The 'vehicle' is a term that you will see repeated throughout the text. This does not refer to a car, boat or plane. It is how Orion has referred to me since early on in the transmissions.

Different type styles used throughout the text of the book and why:

- Regular Print: Text of Orion Transmissions
- Bold Italics: For clarity, my letters at the beginning of each transmission are in bold italics. Editorial comments in the book are also in bold italics, and in parentheses.
- Bold regular: At these times, Orion had placed emphasis on a word or statement and the bold print is how I convey that emphasis to you. Also, sometimes I have bolded something that, to me, was of greater significance.
- ALL CAPS: I use all caps for more prophetic, profound messages. Usually, these are places where Orion spoke louder or emphasis was much stronger. Reception of such messages was also quite intense.

Note:

At the back of the book we have included a Glossary of terms that may not be familiar to the reader. Also, we have compiled a thorough Index for specific referencing of subjects from the transmissions.

INTRODUCTION

Our culture, our planet is in the midst of change, transformation. Many people on this Earth have awakened to the realization that their planet is going through major changes. Some have chosen to ignore the warning signals, while others valiantly attempt to educate the public through means of ecological reform, political awareness, etc. However, our planet remains at a critical point. In response to the need for increased awareness on this planet, information is being made available by Higher intelligences out of love and concern for planet Earth.

ORION TRANSMISSIONS is a book rich in information and guidance, which touches on every aspect of human life today. It covers everything from political situations to how to raise children in our society, from environmental disasters and their solutions to our emotional well-being, from the inhibiting role fear has taken in our lives to how to extricate oneself from its hold on us. The need of the hour is to change our focus from the quest for material power and gain, to SURVIVAL of our beloved planet Earth, through awareness, cooperation and TRUTH. There are shocking revelations included about worldwide corruption in governments, ecological predictions, Earth changes and their solutions.

First I would like to explain that I have never taken much interest in reports of extraterrestrials, UFOs or channelled information from that source. So, it was a great surprise for me when I experienced it for the first time. The Orion transmissions began in the winter of 1997 when I saw three blue lights in triangle formation on the front yard. What followed has been a beautiful unfolding of information, loving guidance and amazingly clear revelations. The messages really increased in 1998 and the beings revealed themselves as Orion after quite a long time. I had never asked them who they were,

as I just enjoyed their presence and didn't feel the need to ask. These messages have been sent to many people in different countries via e-mail. Current transmissions continue to be sent out as they are received. I was asked to compile all the transmissions and publish them in book form. This is the result.

For many of you this may be the first time information of this kind has been introduced to you. For all people, I would suggest that you look at these messages without giving in to fear, viewing them as an opportunity to change what needs to be changed on a personal level in order to not only survive the coming times, but to guide and inspire others through them. Over the years, Orion has been a comfort, inspiration and guide for many people. I am grateful to receive the messages and it is my deepest joy to share them with you.

As Orion says:

"We are entering an era when all of you will be asked to deposit fear, anger, doubt, worry, regret, envy, jealousy, greed on the side of the road and continue the way on your path without them. You must be willing to travel the spiritual path unencumbered. Shed the baggage of the past and the trappings of future expectation, and tread lightly on your way. Into the next dimension, baggage is limited. You all must, in essence, learn to travel light."

ORION TRANSMISSIONS The Beginning

The following are two experiences, which I had within several days in December, 1997. Both times, I had the feeling of being half awake, half asleep. Both experiences (dream/visions) occurred at 2:30 in the morning.

December 29, 1997 Wysoka, Poland 2:30 a.m.

My husband and I had gone to sleep on 28th night but I was having trouble sleeping, as I had a very bad cough. My coughing was keeping Jarek awake, so I took a mat and blanket and went into the kitchen to sleep, so as not to disturb him. After a couple of hours I was awakened by a loud whirring sound coming from outside on the front yard. From the kitchen window, I could see three bright blue lights shining. It was a very strange light, very bright, almost luminescent. I was not fully awake, but noticed that both our dogs were wide-awake, looking around, barking softly. After some time staring in wonder, I returned to a peaceful sleep.

That evening, during sunset meditation, I heard unusually high-pitched sounds and saw Light everywhere. I felt peaceful energy surrounding me. Without thinking, I sat at the kitchen table, took a notebook and pen in hand. Writing began to pour on to the page at a rapid pace.

December 31, 1997 Wysoka 2:30 a.m.

On 30th December, Jarek and I went to sleep as usual. At 2:30 a.m. I was awakened from my dreams by my own laughter. I was laughing so loudly. When I opened my eyes, I could hear laughter appearing to be coming from round discs of bright, shimmering light that filled the entire room. These discs were each a different color, radiating light and joy! I remember feeling euphoric, ecstatic. I was laughing and laughing. Then

I realized I might awaken Jarek. In fact, I couldn't imagine how he slept through it all. I had the feeling the lights were beckoning me to come with them but I couldn't or felt some hesitation. I got out of bed and went into the kitchen. I was surprised to see again that both dogs were standing up, wide awake and excited. Again, I began writing.

What follows is a compilation of writings that occurred from these experiences. Each entry is dated. Each experience and writing which followed took place in Wysoka, where we have been working to build Oasis healing centre. The place is one imbued with powerful energy. Other people who have come to this place reported seeing radiant beams of light, especially around the healing temple which was constructed there.

December 29, 1997 Sunset

The vibration of OM and MANTRAS chanted at sunrise and sunset have a specific frequency or vibration which is attuned to the universe and can be heard on other planets. Such MANTRAS facilitate the receiving of information and interstellar communication.

All concepts of time and space are subject to change.

Certain points on your planet will be receiving stations for such interplanetary communication as well as sightings. There are actually now three points in Poland. One is where you are. One will be in the north and one farthest east. Great influx of power being sent now to this country, Poland.

In England there is one ancient place, but it is in renovation.

New Mexico.

Andes Mountains, Chile.

More points being developed in Australia. New South Wales.

Karpav.

December 31, 1997 2:30 a.m.

Feel. Feel with the heart. We are none to be afraid of.

Separate your 'self' from what you think to be real. What is real

is not what you call 'real'. Don't be nervous now. We mean no harm to ones on Earth. We have necessary information. What you call global warming, we are laughing. You are so far behind in your estimations and quite well off the track in your human calculations. This planet is in emergency condition. Unless drastic measures are taken on behalf of planet Earth and these efforts must involve the invisible yet visible aid of other planets, the Earth will die. We foresee a great and glorious outcome, but it requires those of sight and with presence of mind and heart to listen and to heed our warnings.

In 1998, great cataclysm will be. Fear will propel the age of darkness forward. FEAR IS YOUR BIGGEST ENEMY. Do not allow fear to breed. From it stems hatred, deceit, greed, all violence.

There are other forces on your planet, which are like missiles aimed against you. There will be a time when these forces become known, clearly known. Again, fear is the enemy. Fear strengthens the forces of evil, of which there are, my dear. There are. LOVE IS THE ONLY WAY TO RESPOND. That is why it has become imperative for those bearing Light, those actively involved in restoring the sense of high being, or as you call it well-being, to planet Earth, to begin to break through the barriers of the personality or ego to allow love to flow freely through you, thereby making you effective deterrents to the forces of darkness, of which there are many. You are protected. There is no reason to fear. None. Zero. Nil. Remember this.

You must consciously remove the blockages in your life, whether they be in the form of personal attachments, desires, pleasure or pain to become realized in a very short amount of time. This is it. There is no dress rehearsal. There is no practice. No free demos. You are in it.

Remember. Dates will be given to you to recall, all of you. No one person has been chosen. There are many, many workers in this field of Light and no boss. Only love. This is all on a higher plane. Of course, here you have many teachers and students, but the Divine Masters know that there are not separations and all are one in the Light, in the love. All realized beings are realized beings already. It is also imperative to pay close attention to what you feel.

Scant preparations will leave you in need of defending when you are in need to defend. Be aware. To heighten that awareness, regular short periods, say one to three days monthly of fasting and deep meditation are highly recommended.

We do not come to give personal instruction as much as guidance to those working for the light and eradication of evil. If necessary, we will direct you personally. Otherwise, it is for all. This is not secret information. Share it as you will.

January 6, 1998

Substantial evidence has shown the deterioration of ozone layer to the extent that if there were a massive alarm system, alarms would be sounding off all over the planet Earth.

Those of you who are aware, who have been awakened, who have been tapped to serve as bringers of the Light, you have a massive undertaking before you, one of joy and laughter, despite the seriousness of the work it entails. Without joy and laughter there can be no Light. Light attracts Light. Let us say here that in deep forest areas of Amazon, there have been those determined to destroy, those working swiftly against those working for the Light. It is as clear as black and white, these two forces of Light and darkness. We must step up our work in those areas. That which you are involved in spreading is, of course, the energy of Light and healing. Continue your work with those of the fire. There is a balance that is created by these fires which you practice. However, now practice with intent, consciously and with no malice or disharmony.

It is not a matter of intellect. It is simple. What is required now in all areas of universal healing is pure intent. DO ALL ACTIONS WITH LOVE.

Fire on the mountain.

May 7, 1998 Nad Lasem/Wysoka (Oasis)

(On May 7, 1998 I was walking in the forest which borders our property. I was skipping and singing, feeling very happy and alive. All of a sudden I felt an overwhelming feeling that

I find difficult to describe. I wasn't feeling sad, but began crying. Tears streamed down my face. I stood atop a tree trunk and was mesmerized by light which I saw throughout the forest. In front of me stood a tall triangle of light. From this shape came a deep voice. I never felt frightened nor did I feel threatened in any way by this being. I felt the presence of many beings from the lights that surrounded the tall one. I felt more a feeling of love and comfort. The being spoke. The following is what he said to me in the forest.)

There are those who come to help.

(I answered, "And those who come to destroy.")

We are not of them. We are here to help you. Your work in Poland now is important to deliver our words to the people. This is your work. You can do anything else, but this is your work, acting as an instrument to deliver this truth to those ready to receive it.

(After some time, perhaps twenty minutes, I returned home for sunset Agnihotra fire, which I performed. During my meditation, the message continued.)

There are no boundaries. Light is limitless. We are here near you. In this place communication shall proceed.

Areas on maps will be shown to you. In advance, people whom you meet are to be shown to you. Be aware. Write now all the time, not only certain times which you follow for meditations. Communications now will be constantly given through your instrument. Do not harbor fear in your heart. There is nothing to fear. We are merely here to give detailed instructions to those who will receive the light. Listen. You will meet others whom you will recognize immediately. Listen. Listen. Listen.

In areas of South, Southeast.

Middle East explodes. Terrorism, new forms of warfare. Beware of those who oppose, for indeed, they have no mercy, care for no life, not even their own.

Parts of United States as we know it will become barren. Whole cities destroyed. Earth shifts rapidly now.

Plagues in Midwest. Farms destroyed by drought, floods, pestilence. Whole areas of Midwest disaster zones.

As predicted, California will be no more, except for parts of the north, independent from the rest of the terrain, separated by river.

We do not predict.

Thailand. Greatest plague, destruction.

Fissures in the Earth's structure. Lands divide, split down the middle.

Surface of land changes.

Climate becomes totally erratic, unpredictable.

One physicist will come forward with new evidence supporting claims made, previously refuted by scientific community.

Reverberations of Earth. SOUND CURRENT.

Life as we know it cannot possibly continue much longer.

Fear will never free you. Fear is paralysis of the spirit. Do not allow it. Many will come to you for sustenance.

Begin to give readings individually now. Begin with those near to you. You will be used as an instrument to help them to heal. Oh, there are many healers. Your work is much higher than that. It is of a higher nature. This, devote all time to now.

November 1, 1998 Oasis

You have been chosen to be a clear channel. We have more information for you. Be ready to receive this information as it concerns all of humanity. It is not for you alone. Start to transmit these messages to others via printed matter. We have nothing to gain for ourselves. We are of the Light. We are responding to the call of all those Higher Beings of the Universe to whom you and others like you pray. We are merely messengers of the Light in a way, as you are, only on another plane. It is not important. It is better you analyze less, listen and feel more. Ah, if all could do so, what a balanced state the world would be in.

Our message here and now concerns JUDGMENT, its purpose and effect. NO MATTER WHAT, WE SHOULD NEVER JUDGE A FELLOW HUMAN BEING. One can speak one's mind, one can share

one's feelings, one can even give guidance when appropriate, but never judge. Judgment is like closing the doors to Truth. When you judge another, the case is closed. Once judgment is rendered, the person must live with its effect and you must live with it as well. When you have strength and refuse to give in to judgment, the release of the heart is like opening of floodgates for angels of mercy to enter unto you. What a joy! What exquisite joy. It is the exact opposite of judgment. It is not mere acceptance. It is much higher than that. One does not need to remain silent. One can speak one's heart and mind, but when judgment is missing, one's words have powerful, healing effect. Therefore, it is judgment that has destroyed nations. Judgment has started wars, created conflicts. Judgment blocks PEACE. What is the 'peace process'? Peace is not a process. It is. It exists already. One must complicate the thinking to make peace a process, unjustifiably.

You are a messenger and you must begin to deliver your messages here and now in Poland and abroad. Focus all energies now on healing and you will be guided as to how and when and where to deliver the message you will receive.

People are being sent to you now. You need do nothing but receive them. They will come with skills and more resources. It is time to build.

Resonance in temple is most powerful healing.

November 2, 1998

We are entering an era when all of you will be asked to deposit fear, anger, doubt, worry, regret, envy, jealousy, and greed on the side of the road and continue the way on your path without them. You must be willing to travel the spiritual path unencumbered. Shed the baggage of the past and the trappings of future expectation and tread lightly on your way.

For those of you for whom Evolution is an important concept in your development, it is high time to put down the masks of self-deception, pride and false security and begin to make all effort to be fully clear and honest in your interactions with yourself and others. There is no time for games which worked well in the past. This is the time of great

learning. Lessons so oft ignored or partially understood repeat themselves again and again until one learns them.

It is a great time, difficult only if you perceive learning to be so. If you are willing to learn the lessons which you need to learn to make you whole, effective, and surrendered to a Higher Will, certainly there are no difficulties. None at all. This is a time of greatness. Those who want to grow, will grow quickly, nearly effortlessly. Now, more than ever before, it is not effort that is required, but proper attitude. Then all comes, all comes.

Now work and sit later for further information.

(Later the same day, while sitting in the healing temple for evening Agnihotra, the same voice returned and continued.)

Many of you will be receiving guidance now and in months to come concerning upheaval of governments, areas of famine, flood and natural disasters. Specific dates will even be told through some of you.

There will be safe havens. There are already safe havens being created all over the world. This place, Oasis, is one. You will be here, but you will travel soon as well.

Regions in or near great mountain ranges will suffer least destruction. Those areas by the sea, the great oceans, will be completely destroyed.

Areas of great violence will suffer great violence in form of ecological disaster, earthquakes, floods, and pestilence. No rain. Great rain. No sun. In certain areas of Middle East, no survivors.

Russia is already being condemned to slow death. It is where great source of evil has been most profound that the destruction is most imminent.

Poland has already suffered greatly. Its people have been at the hands of great conquerors throughout history. This Poland will be saved. It will be land of great fortune in future times, though even here many will die.

In Spain, specific coastal regions will be washed away. Take care. Take care. Prepare for great floods. Build with this in mind.

We are collecting those of you who will be leaders tomorrow. We are tapping, if you will, those through whom Healing Powers will be

transmitted for the universe. You will be a great healer. You are already a great healer. It is now time to allow the Divine Presence to manifest through your instrument. How, when, where, and to whom will be directed to you. You need not think, plan, do anything. Only listen. Breathe deeply and allow for transformation necessary to activate this Power to continue to take place within you.

If at all the opportunity arises which permits you to travel in Chile or in Peru or Venezuela, then take the opportunity to do this. It will be excellent opportunity for you. Time will come for all this. You need do absolutely nothing but be in this moment. Neither in future nor past. Present time. Great opportunities exist here and now.

Your son, Jacob Elijah, has imprinted in him certain sacred information which will be brought to light at a later date. He has been blessed by greatest Master and now he will be walking in the footsteps of greatness. He must learn to follow first. It is not yet time to lead, but to follow the teachings he knows so well with all humility, with all gratitude and with all his will. Indeed he has suffered, but at his hand only. Now he has freed himself and will learn to follow. It is through following one achieves greatness and is able to lead many. Yet, the greatest of all leaders always thinks of himself as a humble follower. This is the greatest of lessons.

OM TAT SAT

(I recognize this as the same voice I first heard December 29, 1997 at 'Oasis' in Poland where we live. The guidance through this being has been coming more frequently. I find its accuracy proven again and again in my own experiences and with others. The following are a continuation from November 1998.)

November 16, 1998

You have received guidance in past concerning books to be written by your instrument, books for children, for women, book of Mother Mary, quotations from that book etc. This is what you need to focus on, not everything else to the exclusion of the creative work that will

heal you. If you set aside even one hour a day for these creative works, you will find amazing reward and success. Don't worry. No one is judging you. Just make a plan and prepare your work to be done.

Without proper guidance many are lost, even those on spiritual paths. They seek but do they find? Or do they accept what they have found?

Realize that this time is most profound, most highly charged time for all work on spiritual paths.

You will be receiving more data in the next days regarding Earth changes. Where there is great effort being made to cleanse the atmosphere and land of toxins, great success is assured.

Not all who appear to be working for the good of humanity are true. There are many false prophets alive today. This will now cease. Those whose aim is deception will be stopped. You will witness the fall of many thrones, the fall of those whose prophecies are false as well as the fall of governments and the collapse of mighty nations as well as small. Fear nothing, for in the chaos which is sure to ensue, there will also be a great calm, an all-pervading peace descending upon the world. It will come slowly, but with powerful impact.

December 3, 1998 early morning Kraków

(We were asleep, when I was awakened at 3:00 a.m. I wrote as I heard the following.)

Compile all guidance given from us separately and begin disseminating this immediately in Polish and English.

You receive transmissions from us, as well as the Blessed Mother and your Master in this life whom you call Shree.

(Here, Blessed Mother refers to Mother Mary. The word Master or Shree refers to Shree Vasant Paranjpe, who has been a Divine instrument in teaching the ancient Vedic science of Agnihotra throughout the world.)

There should be no doubt. Many predictions given have been correct. Many others, falsely understood. The aims of this human race have not always been pure. Those of pure intent shall be fulfilled.

The entity known to you as Shree is here to teach you humility, self-restraint, purity of thought, word and deed, and SERVICE. He has said, "Let there be no judgment." Thus, it is imperative that you adhere to this advice. The moment you release this judgment, all will be given to you. The moment. This is not a special offer. This offer does not expire, but the sooner you take advantage of this great deal being offered to you, the sooner you will experience the benefits. And all that is promised is true.

Sacred sites have been named. Pilgrimages are made to those sacred sites daily. Many who go to such places, go with great purity of heart. There they receive Light. So small reward and they are so grateful, even to feel the Divine, even to imagine the Presence of God. They are thus touched by God, as you call it. Humility is a great safety net. It brings you into contact with Higher Life Force, that is Higher Entities who then propel you to change old habits, to readjust thinking, to reaffirm your purpose, to take heart and continue your own work on this planet. Therefore, if such small events can inspire those without special sight, certainly my dear Fran, the guidance which you receive and for which you have come to receive, should now pull you from the darkness into Light, with very little effort and very much Grace. Be humble as you truly are and the rest will be added unto you. Sorry to be blunt, my dear, but time is short and we are in the final hours now.

Your son, Jacob Elijah, is being prepared for the next step in his very swift spiritual development. I might add here that 'spiritual development' most certainly is a human concept. We simply refer to the growth process and do not divide it into categories. It is all one process. However, for simplification, we refer to it as such, for your benefit. In any case, Jacob Elijah has been blessed from birth with what you call 'second sight'. He hears no voices but he is also guided. He needs to concentrate his energies to meditate. He need not worry about this process of meditation. How deep he goes does not depend on his ability but upon his readiness to receive the vision. He is being prepared for this. He may continue to assist Jarek in business, but also spend

sufficient time on his yoga practices and training the mind not to react to outside stimuli, but simply to watch it. Practice quiet observation. Intensify the use of Mantra given him and reduce attachments to the way things should be in the world. This is also your lesson. He has so few fears to stop him. What a wonderful mind he has been given to perceive the Truth so quickly.

December 6, 1998 Oasis

We have tried to address the problem of judgment in our last meeting with you. Let us clarify the issue here. In Poland, it is as if you are an entirely different entity. Perhaps there are similarities, for example your sense of humour, likes and dislikes that are deeply rooted. But there are many things which are quite different. Here in Poland you find the quiet nature which in U.S. was constantly being pushed down. Here you also have an increased need to create. Abilities have developed which you hadn't had previously. Even reading abilities have improved and dietary habits are better, therefore less trouble with mood swings. Healing ability is much more profound in you now. It would behoove you to get this astrological relocation chart done and study it to help you to understand yourself here in this country. It is like getting to know yourself all over again. Your fears loom larger here, but the capacity to love is greater, greater than before.

JUDGMENT IS FOOD FOR SELF-DESTRUCTION. What causes others pain will cause you pain. Have no more judgment. Allow for no exceptions. Seek instead the good in each and every individual whom you encounter. If someone is seemingly despicable in their behaviour and it is plain to see you will be hard-pressed to find any good qualities in the immediate moment, walk away. Later, in retrospect, attempt to see anything positive at all in that person or in your interaction with them. This is what builds true character. Light begets Light.

The suffering of many is felt by some. You are one who feels the suffering of others as if it were your own. Detach yourself from it, but allow for the awareness of it and thus is born compassion. Act out of love, never pity. Act from your heart.

We have long since abandoned the concept of right/wrong. It is not so simple. Every action has a reaction. We never can know what action has caused what reaction or as you say, "Where was that guy coming from?" Simply watch life unfolding before you. Be gracious, be grateful. You do not know what it is to be in another's shoes. Do not judge. Allow for the natural compassion to carry you forward.

We had referred previously to an ancient site in England which was in renovation. New sightings have been reported, though not all are confirmed. We wish to address the idea of confirmation but there is not time for that now. There are far stranger phenomena occurring now on your planet than man's fertile imagination has time or capacity to produce. There is also no time left for unnecessary confirmations, and by whom are these 'confirmations' confirmed?

- Southern tip of Florida disappears. Floods.
- Contamination of water. Destruction.
- Storms in Atlantic.
- India destruction. Bangalore. Coast. Calcutta.
- Baltic Sea damages.
- Russia. Many will not survive harsh winter.
- World Rescue.
- Diseases run rampant through Africa.
- Droughts, famine, death by thousands and thousands.
- Poland. Mass grave uncovers secrets held.

December 11, 1998 Oasis

Anger is impossible without judgment. Do you understand how closely these are related? Judgment breeds anger and anger feeds judgment, actually increases it. Mind is so precious an instrument and in this time, there is so little 'time' to waste, utilizing this precious instrument called 'mind' to worry, fear, judge others or create imaginary disturbances that do not exist and in all probability would not otherwise occur. Ah, the human race. However, our work is to take those who are ready to higher heights, so to speak, in their evolution.

Our job is to assist you humans with awareness to save the Earth as you know it. It is an awesome task.

Certainly, your son should be keeping not only a dream journal, but one of his impressions, ideas, thoughts. All are valid. It is so good that he is here at this sacred place of Light. Jacob, remember and record all dreams and more. You will get much clearer and your thoughts will actually be very deeply connected with this Earth and her needs. Let your music speak for the Earth, for the planet. Later you can teach others. Not yet time for that. Hatha Yoga is an excellent source of strength and power for you. Increase your fires as was suggested to you and just continue your awakening process.

December 19, 1998

The sufferings of those on this planet have reached a peak. Crime has become accepted. Humans feel there is no place safe anymore. We must, therefore, create a better world.

So much time is spent in analysis of predictions and prophecies. Who is right? What is the date for this planet's destruction? In fact, nothing is 'written in stone' as you say. IF THERE WAS NO WAY TO ALTER FUTURE EVENTS, WE WOULD NOT HAVE BEEN SENT HERE TO AWAKEN THOSE OPEN TO RECEIVING OUR MESSAGE.

Why not, instead, assume that all prophecies are based on Truth and begin the work for which you have come to this very planet to accomplish?

There will be 'sightings' in Australia in coming months and these sightings will be documented and are to be noted. Many humans have created theories based on so-called 'sightings' of UFOs and beings from other planets. So much of this is untrue. Certain ones are very clear and accurate. One point is when a child reports a 'sighting' nearly always it is true and it is these very cases that are rarely reported and unfortunately, rarely taken seriously.

We do not come to create fears or anxiety in humans. We choose directly the channel to whom we speak and thus it is very important that you begin to document and send these messages out.

December 24, 1998 Oasis

We wish to address the problem of food shortage. This is simply preposterous. There are acres and acres of food stored, grains, surplus grains. There is a plentiful supply of food for the world's hungry. It is simply not true that a food shortage exists at this time. In the 'land of plenty', there is plenty of food available which is even permitted to rot. All of this is for control of the masses. You will learn more.

You were told Middle East will explode. More and more this area becomes black with oil and explosives. There are nations out of control manipulated by forces of darkness of which there are many. In certain areas they are in more control. These areas will destroy themselves. Evil will never reign. The period of darkness will never exist any more than it exists in the present time.

From this time frame we move into a period of harmony and Light, where forgiveness reigns and love is eternal.

We ask that you pay more attention to the mystical visions being reported across your rich nation of America, United States. There will be many prophets now, many sadly untrue, yet more and more truth will be given. Children.

December 25, 1998 Sunset Agnihotra (at Oasis)

On such a day as Christmas the vibration is higher. Transmission is clearer. Therefore, it behooves you to sit for meditations at various appointed times throughout the day.

Tropic of Cancer.

Trouble off the coast of Spain.

Middle East time bomb. Out of time.

Where there is love there is a higher resonance. All of nature responds to it. Birds flock to be around it. Flowers grow, trees become healthier. Where there is a child born in such atmosphere, the heavens sing at the exact time of birth and all the Earth trembles in delight. LOVE IS THE POWER SOURCE.

As we have stated before, there are many who will claim that what information they receive is truth and so is the case with perhaps as

much as twenty-two percent of the information received. We do not wish, at this time, to state what is real and what is not. It is of absolutely no concern to us and should not be of concern to you.

The reason, as you have asked, why in other channelled information there is no reference to Agnihotra fire which you perform is a very simple reply. The fire is sacred and must be revealed by specific instruments. It is not known to all at this time. THIS AGNIHOTRA FIRE IS TOUCHING THE CORE OF THE EARTH WHERE HEALING IS RECEIVED AND GENERATED INTO ATMOSPHERE. Effects are perceivable and not perceivable. Effects can be measured by scientific experimentation, but further effects both on atmosphere and on the practitioners of these fires is none to be measured by any scientific research. It is on a Higher level that healing energies are released.

WHEN YOU PERFORM THESE FIRES BOTH AT SUNRISE AND SUNSET, THE EFFECT IS FAR GREATER THAN YOUR IMAGINATION CAN PERCEIVE. CONTINUE THIS GREAT EFFORT. IT IS SEEN AND IT IS HEARD ON OTHER PLANETS THAN THIS ONE. IT IS NOT AS SIMPLE AS IT APPEARS.

Many, many things are to be told. Firstly, those of you who are living in highly populated areas in U.S. at this time should consider relocating to a higher vibrational area. That is specifically those of you who are living in larger cities should begin to consider moving out. No cities will be safe places to live in. Mountainous areas are more preferable to coastal areas. When Earth shifts axis, many geographical changes will occur though not specifically the same as those which have been drawn in great detail on 'future maps'. These calculations however, are not far off, not totally inaccurate. There are, however, certain areas which, when these maps were drawn, were to be in the path of destruction and now are safe. Nothing is constant. Intervention from Higher Forces is always possible.

Poland. 'Oasis'.

In Southern France, one safe haven forty kilometers from border.

New fuel sources will be necessary. Experimentation has been done for years.

So much is known beforehand. Governments of the world are so corrupt. Much data, even records of appearances of space ships from other planets as well as information received through satellite and other sources, all has been kept from public knowledge. Even those with this information have been silenced in order to keep it from leaking to the population.

World governments are united in this great cover-up. You would be surprised to know what is known by government leaders. So much manipulation. So much misuse of power. The real threat is WORLD DOMINATION and yet those currently in power are those to whom this threat is nothing. Indeed, they are in power. So much evil exists in these governmental bodies.

Keep abreast of the news developments concerning Middle East. It will be very important in coming weeks. Oh, there are no surprises! Those who are 'at the top' already know who will do what, who will say what, and where the next crisis will be staged. No surprises.

Those with whom you have closest connection will be brought here to this farm.

December 26, 1998 3:25 a.m.

(Awakened from sleep, I sat alone at the kitchen table. I began writing rather rapidly and this continued until around 4:00 a.m.)

First of all, we are not 'one entity' so to speak, addressing you which is why we have not given you a name to address us by. If it, at any time, should become necessary to call us by a name, a name will be told to you but it will be for your convenience, simply. The beings whom you contact or shall we say, who contact you, are not named. We are aware that many would be 'channellers' have all sorts of names given presumably by their guides. We hate to disappoint you, but up until now, we have not needed to provide you with a 'name'. The 'Space Brothers' is closest to us. In any case, we did not wake you at 3:25 a.m. to discuss names versus no names!

The entity whom you call Shree is presently being controlled by another galaxy. He is not, we repeat not of this world. It has been known for some time. The message He is here to deliver is of purest intent. Do not fear. You are being guided by the Light, by the Divine Being you had the blessed opportunity to be in contact with, who has now returned to the Light. That is your GAJANAN MAHARAJ SHREE of Shivapuri/Akkalkot. All these beings are from ONE SOURCE. Let us simply refer to them as the 'Light'.

Understand that those of darkness, those with impurity, those who are guided more by negative emotions and thought forms are drawn to the Light as much as those of pure intent, those of love and innocence. This is exactly the reason why there have been those drawn to you and to this place who have not come to heal. They were drawn here by the Light, but their very natures had become so corrupt of spirit, so devoid of love and Light, that they harmed the place instead of being healed by it. Quickly they were ejected. You must understand that until you become so clearly aware of guidance given, which is constantly coming now, you will not be able to discern motives and purity in others who seek to come to this place. And it is important that you be tuned in, if you will, at all times. Now, if someone were to come, you would instantly know their intent. However, if you get temporarily unbalanced, as happens when you allow your emotions to guide you instead of your guides, you will not be clear enough to know the truth. You may feel something but not be able to put your finger on it. If that should happen, do not make a decision whether a person should come or not come until you are clear. This is not like any other place.

Jacob Elijah has great work to do in this life. It is important that the two of you be together, live in the same proximity. Healing energies are charged and activated together, as with Jarek.

Try and release the past. Let go of all past memories which cause you pain or disturb you in any way. This is for all of you. Pleasant memories which bring up good feelings, positive thoughts are fine, though dwelling in any past is not good practice. Most of the humans

with whom we have contact, insist constantly on dredging up negative memories to feed their low self-esteem or to sabotage themselves when they are feeling too positive! Release all negative past and those people associated with it. These attachments are indeed ready to fall away. It will be the easiest process now to release them. One. Two. Three. Gone. Like that! Really.

These Mantras which you chant have great energy.

(After sunrise Agnihotra and meditation, I went back to sleep as I had been awakened so early. As I drifted off to sleep, I heard a loud whirring noise and what sounded to me like a high-pitched siren. I knew it couldn't be an ambulance because we live five kilometers up a mountain and cannot hear any such noises coming from the village below. So I lay in bed listening to these sounds until I slept.)

(The following is an excerpt from an individual healing.)

Yes. Yes. The damage to the auric field can be seen quite easily. The physical body is, as a result, affected by a loss of energy from these damaged areas. It is, if you will, as if one has a break in a hose. The hose is still able to operate, but the power is less and always the hole is losing air. These breaks in the aura are not large gaping holes, but rather small cuts to the field of energy, protecting the body from the elements. Therefore, the loss of energy is small, but it is the cumulative effect that tires the entity. It is important to repair and consequently heal these breaks in the entity's aura.

December 27, 1998 Oasis

Allright. More information. Yes, as in recent accounts of future events, certain areas will disappear, cease to exist as what they were. However, what perhaps is less known is that certain urban areas, in particular large U.S. cities, are targets for destruction. It is not haphazard and they have been targeted for some years now. Of course, you humans blame the violence and unrest in the cities on pollution. This is only partially true. It is also incited violence, orchestrated if you will, by the powers that are in control at this time.

These conspiracy theories which are becoming quite a popular pastime in U.S. and elsewhere these days, are often not far from the truth and one is actually quite accurate. The problem lies not in their validity, but in becoming so immersed in the predictions and revelations therein as to lose one's footing in one's immediate reality, thus rendering oneself totally ineffective in dealing with this reality as it develops. The warnings are given so that those of awareness, those who are going into the Light, will be aware of the shadows and the traps that lie within. Do you understand? Therefore, if those conspiracies actually exist, how can you develop your Higher Self to combat the forces of darkness in your own lives, so that you remain true to yourselves under all conditions and are better able to lead others through the confusion that will follow into the clarity, Light and peace which will prevail? In other words, don't get lost in the fears, the game, the process. Stay focused. You are needed. You are needed. You are needed to guide.

And what do terrorists bomb and where? It, too, is not random.

ISRAEL. There exists very distinctly a great white Light in center of Jerusalem. Surrounded by dark forces, this Light will prevail, but not before great violence erupts in Golan Heights.

Centuries of combat culminate in the last great war. There will not be nuclear warfare.

Insurance. This is another very interesting and corrupt practice which exists in nearly every developed country. Big business. There is also a great deal of control being exercised against the will of many in the 'insurance scam'.

We do not wish to become political in our practice but it is simply important that you become aware. That is all.

Horrific crimes against mankind are being enacted under the name of 'Law and Order', protected by governmental bodies. Yes and even perpetuated by them. We know this is disturbing for you to write as, up until this time, you have remained detached from this reality. It is true that on the Higher level your entity does not require this knowledge, but it has become urgent that this information reach the

masses. It is being channelled, if you will, through various sources. You are to transfer this information to those listed and some of this information you will be asked to make public, very public. Very soon. Again, do not fear.

Now focus on Middle East. You will see how the crisis builds.

Ecological disasters too are in the hands of those who have the power to stop them. Oh yes, we are due for a new ecological disaster.

If you continue to remain attentive, much more information will be told through your instrument. There is no need to worry or to fear. You are not being used to experiment with or any of the other scare tactics used to keep you in a state of fear. The guidance is given through you. It is as simple as that. Because you are open to receiving guidance you are receiving it loud and clear. There is no 'hidden agenda', no space ship waiting to carry you to another galaxy. All that science fiction stuff does not apply. That you have been contacted by those of a different planet is true but it is not for fear but for love, for disseminating the Truth to our brothers and sisters on Earth, a planet in great turmoil. Our time frame differs from yours. In fact even the concept of time is completely different. Our communication is non-verbal, but highly developed, perhaps as speed thought.

December 28, 1998

There is new research in the area of genetics. You will be surprised at the results. However, scientists are secretive fellows. Most of their research is not known, kept classified. That's where we come in! It's no longer necessary to rely on scientific experimentation to validate one's experiences.

December 31, 1998 Oasis

Please pay attention now as we move into this New Year 1999. Many changes lie in store for this ailing planet. We draw attention to the Gulf. We ask that you pay particular notice to the Gaza Strip. Pay particular attention to Middle East politics and the turn they take in coming months.

Resources commonly shared by warring nations are particularly in danger of being in short supply. There will actually be a shortage of fuel, but not in present moment.

Natural rhythms of nature are quite disturbed. That is, natural growth cycles in plants will become out of rhythm, so to speak. There will be soil problems and water shortages, as well as deterioration in the quality of water, due to pollution on every level. AGRICULTURE AS WE KNOW IT WILL CHANGE COMPLETELY. THOSE OF YOU WITH ALTERNATIVE METHODS OF FARMING WILL BE IN GREAT DEMAND IN FUTURE TIMES.

January 1, 1999

Now extreme disaster in Russia. So many, so many suffer there, particularly children. Most of them are homeless.

Alternative medicines, as you have realized and have been shown, are the wave of the future. THIS POTENT AGNIHOTRA ASH YOU HAVE WILL HEAL MANY. It is time to develop medicines and go forward. It is the year for it.

The information previously imparted to you regarding government conspiracies and world control, is not a 'conspiracy theory'. This is fact. We do not have time for theorizing.

We are not here to gather information from you. We are here to give as much information as we can get through, to assist you humans bound for the Light to recover your own humanity and deliver Truth to the world to avoid further disaster from occurring.

If this information can be printed, the public would be shocked at its accuracy, but there is time for that. Simply follow instruction and allow for this to enter and to be revealed.

January 2, 1999 Full moon

France, one contact will begin to write to you.

It is better this information be sent via those who are working for the Light and that this not fall into the hands of those who manipulate in order to control. At least, first let it go in the way which was described to you.

IN THE BEGINNING WAS THE WORD.

You must understand that the world situation is worsening, not improving. Those of you who are aware of alternative methods of healing, farming, nutrition, ecology, education, survival tools, medicine, therapies and more, need to quicken your awareness, sharpen your wit and prepare yourselves and others. The time is nearing when all these skills will not be the alternatives but the norm.

It is a time to get all information out. Do not become concerned about others who are teaching false teachings. Do not waste even one precious moment on this concern. DO YOU REALIZE THAT WE ARE ENTERING AN AGE OF TRUTH WHEN ALL CHARLATANS, ALL FALSE PROPHETS WILL BE EXPOSED?

January 3, 1999

Keep close tabs on the news. Try and obtain accurate information. Understand that all information is being filtered. Therefore the Truth in any situation may be altered or may be exaggerated or distorted to fit the needs of governmental bodies. However, it is possible to obtain accurate accounts. See to it. Stay attuned to it. You will also be told many things in advance.

Remember about Spain. This is only the beginning. And, in north of Spain also troubles begin.

(I noticed that there were times when the messages came rapidly and very clearly. Other times, what I heard was clear, but came very slowly and often would just stop. In answer to my thoughts, I received the following reply.)

It is difficult to access the vehicle under the following conditions. When the vehicle is lacking sufficient sleep or is particularly weak, access is still possible, but concentration is broken and the individual is unable to receive clearly all that is required to be told at that time. It is then stored and activated when the person has had rest sufficient to the task. We must respect the vehicle and the needs of the individual.

Then secondly, if the vehicle is overwhelmed with any emotional response to any situation, worse of course is anger, communication is simply stopped.

In Russia, there is quick deterioration.

If you will be in U.K. there are actually several sites where inter-planetary experiences have been reported. We suggest going to one of these places, if time permits.

Later, Sunset meditation

(The voice deepened and was very strong, very powerful. I felt chills down my spine. The voice was an old one, full of compassion.)

Arkadia.

It is not our function to provide personal instruction as much as it is to reveal to humanity the dire circumstances under which this planet is functioning and what efforts need to be made to correct the mistakes of mankind. On a personal level our instruction is for all, with at times a particular focus for the vehicle being used to carry information to the masses. Rarely will we directly address a personal problem as often these problems correct themselves and need no interference from 'outside sources'. However, if the person himself is a vehicle, then we may address a concern for the benefit of mankind. Do you see it? Our entire focus is the betterment of mankind and not one man.

Much can be accomplished through the creative avenue of music. One can truly be an instrument of Light if one wishes, in transmitting Light to others via Sound. Consider this.

Explosives. Middle East. Oil spills into Gulf. EXPECT TO SEE DISASTERS PLAYED OUT IN MIDDLE EAST. It is just a matter of time. When this occurs, you will know the end is near for then the great governments will begin to fall and chaos shall ensue.

WOE BE UPON MAN AT THAT TIME. AND ALL GREAT PROPHETS HAVE FORETOLD OF THIS TIME AND ALL GREAT PROPHETS HAVE WARNED OF ITS COMING. AND THE CLOUDS SHALL BE FULL AND THE HEAVENS DARKENED. AND LO, THERE SHALL BE SEEN GREAT FIRE ON THE MOUNTAIN. AND

YE SHALL KNOW ME BY MY HAND AND BY THE SIGN UPON MY BREAST. FOR INDEED THERE WILL COME A DAY OF JUDGMENT. AND THOSE OF YOU WHO HAVE FOLLOWED FAITHFULLY WILL COME TO SEE AND EXPERIENCE GREAT EXPANSE OF LIGHT AND COLOUR, SKY FULL WITH ANGELIC PRESENCE AND YE SHALL HAVE FOUND INDEED THE KINGDOM OF HEAVEN. LEST YE FEAR, WE HAVE PLACED GUIDES AMONG YOU WHO WILL LEAD YOU TO THE THRONE. FEAR NOT, FOR IN THE DAYS WHICH FOLLOW, GREAT SIGNS WILL APPEAR AND YOU WILL KNOW THE WAY. DO NOT BE DETERRED. DO NOT BE DETERRED. WE ARE AMONG YOU IN THE FLESH AND SHALL LEAD YOU HOME. BLESSED BE THE PURE AT HEART FOR THEY SHALL FIND GOD AS THEY SEEK HIM. THEY SHALL FIND HIM.

AND IT WILL BE HEAVEN ON EARTH. WAIT, MY CHILDREN AND HAVE NO FEAR. DO NOT JUDGE YOUR BROTHERS OR SISTERS. DO NOT FEAR THEIR DIFFERENCES, DO NOT FEAR THEM. OFFER LOVE AND SUSTENANCE TO ALL. DO NOT FEAR. ALL ORGANIZED RELIGIONS WILL CRUMBLE. ALL GOVERNMENTS WILL FALL. THE LIGHT IS THE LIGHT. TRUTH IS TRUTH. NO ONE HAS A CLAIM ON IT. NO ONE HAS 'THE WAY' TO GOD. THERE IS ONE WAY, THROUGH THE HEART AND ANYONE CAN TRAVEL IT. THE BUDDHIST, THE HINDU, THE JAIN, THE JEW, THE MUSLIM, THE CHRISTIAN. ALL CAN COME UNTO ME AND ALL WILL COME UNTO ME. NO MATTER THE NAME. AND THE EARTH SHALL TREMBLE ON THIS DAY AND THE SKIES SHALL FALL WITH RAIN AND WITH FIRE. AND THOSE WHO HAVE ME IN THEIR HEARTS WILL REJOICE FOR THEY WILL KNOW WE HAVE COME. AND NO HARM SHALL COME TO THEM. AND GREAT PEACE SHALL FOLLOW AND SHALL REIGN ON EARTH. AND THIS DAY IS NEAR.

January 4, 1999

We have sent among you guides, if you will, who have specifically been directed to lead those of you who are prepared to the Light. For

we are indeed entering a period of darkness. During this great time of darkness, there will be those around whom great Light will shine.

Never fear. What you receive is to help you and others prepare yourselves for the great homecoming. It is you, collectively, who will be relieved of all suffering. It is you who will lead others to the Light. That is why it is imperative that we awaken you all from your slumber as many of you have chosen to block the Light in one way or another in your lives. Do not waste time on idle chatter or even on prophecy and prediction. Concentrate fully on preparing yourselves to receive the Light and for self-sufficient living. Your own gardens will flourish. Learn to garden.

We now direct your attention to the trouble spots in the world today. You must make some kind of effort as a people to complete the cycles begun in the past, whether they be those cycles harmful to the environment or those of healing and ascend to Higher Realms of Consciousness. We are aware that those cycles left undone or incomplete must be addressed and better they are addressed at this time. Where great destruction of natural resources has been most strong, a greater effort must be made to correct the harm done or those very areas will be seats of further destruction by nature herself. The cycle must complete itself if no effort is made by humans to, in a sense, make amends with nature. We will witness great destruction of the Gulf area in Middle East. We will see escalation of wars already begun throughout the world. Whatever crises are not resolved at this time, will soon explode as the appointed time is near at hand. All great prophets have referred to this time. It should come as no surprise. Why then is so little being done to circumvent such tragedies? There exists in the world so much greatness of character, so much genius, so much compassion and yet at the same time, so much hostility and greed. Hence, the Day of Judgment is inevitable.

In the area just north of San Francisco, California there will be several very important sightings, which will warn of the fate of the great state of California.

In Mexico. In Spain. In France. In South American countries of Bolivia and Argentina. Great natural disasters.

January 9, 1999 Oasis

As has been told before, Middle East becomes a war zone. Border clashes, great violence pits brother against brother. No longer Arab vs. Israelis, but within the culture, there will be splits and this weakens the whole. There will be such destruction as cannot be thought of. Middle East becomes as the eye of the storm.

Substandard living conditions cause great spread of disease now in Africa and Asia. Many will die.

ARKADIA. ARKADIA. ARKADIA.

Our main communication with you will be here at this sacred place, Oasis. However, it will soon be possible to transmit to you or through you, if you will, wherever you are. At present, most transmissions will be here.

One last minute detail we might add. With very little warning, a state of emergency could be declared. This is in reference to the United States, as we know it, with very little notice. Keep this in mind. Those of you living in congested areas, large cities or places off the coast, please be aware of the fact that safety in these areas will be practically non-existent. We do not wish to frighten you or to cause unnecessary alarm, but to heighten the state of awareness for your own sake. Those who scoff at the predictions, which have been made again and again, risk their own lives by their own choice. These are not mere predictions, but data received from Higher Sources which is being provided for the human race with all love and the express desire to awaken those who are ready to awaken to the New World. It has become quite urgent that you distribute this information to as many people as possible at this time. The ones to whom you have sent this information will indeed share it as they will. At this time, we might ask that you consider strongly preparing one publication of these messages to be distributed largely by a network of people who are chosen by the Light and who are now ready to receive the guidance you are currently in receipt of. Therefore, we ask that you immediately type the transmissions into the computer, as you receive them. Then, perhaps prepare a type of newsletter, as the guidance will

increase now and is for the benefit of all humankind. This is a big responsibility but it is what you have been chosen for as well as, in a sense, volunteered for. We thank you for volunteering.

We strongly suggest that travel to the Middle East at this time be curtailed. Outbreaks of violence increase and the explosions expected will occur. Let us visualize peace, yes, but let us also take urgent preparatory measures to ensure the safety of the resources which are definitely at risk.

Peru is in the hands of a Master Plan. Great changes are expected in Peru. THERE ARE ETERNAL LIFE FORCES IN EXISTENCE IN THE MOUNTAINS OF PERU. Great healings will take place there on one property, which is currently co-owned. We will take you there later on.

We are aware of safe zones as well as the areas in danger. There are safety zones throughout the world. They are in known and lesser known places. We will supply a list at a later date.

Food storage is of most importance at this time. Actually it is not needed now but preparations should be made for long term food storage. That is if, on your farms, you do not currently have sufficient food storage facilities, it is highly advisable to prepare such places for adequate food supply for a number of months. Learn to eat simply. Learn to become as self-sufficient as possible, reducing intake of processed foods, fast foods, instant meals and those abominable TV dinners! Along with that, try and curb the sweet tooth for good measure.

Consider moving to farms where several families or friends can live together, in separate dwellings or in a large house. Try and build as many cabins or additional houses as possible for others who will, by necessity, join you later on. At this place, Oasis, in Poland, we suggest that you begin to build this second house and continue to buy and build as many cabins as possible. A hall can come at a later date but cabins are not only suggested, but strongly advised. Many people will be joining you there and not all from the country in which you presently reside.

When can the entity Shree come to Oasis? In spring most likely. There will be non-stop transmissions at that time.

Be in contact with Shree as often as possible. As He is in transit mainly, it may be at times a bit difficult. However, arrangements can be made in advance.

9:00 p.m.

One need not meditate to receive guidance from Higher Sources but meditation sets the stage for such possibilities as it calms the individual and brings him or her into a state of harmony where the vibrational frequency is altered, thereby making communication much more facile. Let us keep this in mind.

Where there is now great conflict in the world there will be an escalation of violence, not only by armies in command, but also within families and among those unrelated but in close contact, such as in the work place. We will witness a time when it will be dangerous to go to the market, to travel by public vehicle and to go anywhere not in the company of those trained to protect. These times are already being experienced in places in Middle East, in certain cities in South America, U.S. and of course, in areas of Moscow and in many areas in the near East. It is becoming an increasingly dangerous existence. Let us not live in fear, but prepare for the future. Let us not live in a state of worry, apprehension or confusion. Let us see where it is we can be of greatest service. When a being such as yourself is in constant contact with Higher Sources of information, the responsibility toward others becomes greater. This cannot be ignored, my dear Fran. That means essentially that day and night you must be available to transcribe messages as they are received. You will receive the major bulk of information via the word and this will be transmitted to you here. However, as early as tomorrow, it may be possible that you will be able to receive information even in transit. It is not the same transmission as you receive from your Master. It is another way, very similar. Just we ask that, due to the sensitive state you are in, unbeknownst to you, you try and focus attention particularly at times of meditation which you commonly observe. That is all for the moment.

Let us see how to arrange for you to have a laptop computer as these messages will become more and more constant. If there is at any

point anything that you are in need of knowing, that too can be given. Let us say that it is a side benefit of the work, for which you have been prepared since 1969. Yes. Yes. The responsibility is great, but all along assistance is at your beck and call. You are thus never alone, my dear. Never alone.

We do not suggest that you change your residence to suit the predictions as they imply. We are simply making as many people as possible aware of the conditions which are in existence now. THERE IS ALWAYS THE CHANCE THAT BECAUSE OF THE EVOLUTION IN HUMAN CONSCIOUSNESS, THE DIRECTION OF EARTH CHANGES AND WORLD EVENTS COULD BE ALTERED. However, the precautions which we are advising are not extreme and would still apply, even if the world suddenly became a safer place in which to live. Need we say more?

Comfort is not what we are about. Compassion does not always imply comfort. There is entirely too much reliance, if you will, on this element of comfort in society. The irony is that the majority of the population lives not in comfort, but in misery and suffering. Release this need for comfort.

January 10, 1999

Alright, shall we begin this morning? We will now be able to access you anywhere to transmit information in much the same way we have been doing. It may require more quiet on your part, therefore it is best if you attend to all meditation timings which you customarily observe, particularly while you are not in this atmosphere. The fires help produce the clarity of mind and open the channels to Higher Sources. That is, they make it possible for you to receive Higher guidance wherever you may be.

We had told you before that Middle East was in great danger. There are few areas that equal Middle East in this matter. We suggest that a contact there be informed as well, if there is anyone whom you know living there, on either side. This can be done later, but best as soon as you receive name and address of contact there.

January 11, 1999 Kraków

(This is the first time I received contact from them outside Oasis.)

A recent application to United Nations has been turned down. Why?

We have been following recent developments with a keen eye. Truly the end is near. There is an escalation of violence now all over the world. Much of it is orchestrated by the Super Powers who thrive on violence. You must understand, this is not what it appears. It is never as it appears. Even the news you watch on television or listen to on radio is tainted or shall we say, tinted, a slightly different colouration. There are, however, deep cracks in the control and the truth leaks through those cracks, if you will. Of course, truth shall prevail, but EARTH as we know her is running out of time. Hence, the scandals. What is behind scandals?

January 13, 1999 6:30 a.m. Oasis

(This morning, I was awakened by the delicate sound of bells or chimes. I thought how lovely it sounded and then logically figured it was the sound of the wind chimes tinkling in the wind. Then I realized as I awoke that I don't have wind chimes in my room and there was no wind! I did feel a lovely presence in my room and was not at all afraid. Later the transmissions continued.)

You must realize that this place is not like any other centre nor is it like any other farm of its type. It is imbued with healing energies like great ancient holy places. Therefore, every word uttered here has intense vibration. Even thoughts are intensified. Therefore, one can make great and swift progress in spiritual development at this place. It is not a place for holiday. It is a place for great work to be accomplished and for healing, retreat. This is the key.

Sephirot. Learn this.

AND NOW THE FIELDS SHALL BURN AND CROPS SHALL WITHER AND DIE, AND GREAT FLOODS SHALL COME. RAINS DESCENDING FROM THE HEAVENS SHALL WASH AWAY

WHOLE MASSES OF LAND AND THEN THERE SHALL BE FAMINES, AND THOSE OF PLENTY SHALL HAVE NAUGHT AND THOSE WHO HAVE GRAINS STORED SHALL PROVIDE SUSTENANCE TO ALL WHO COME TO THEIR DOOR. AND LO, THERE SHALL BE NO MORE GREED AND THE FIELDS SHALL BE FULL ONCE AGAIN AND THE GREAT SUN SHALL AGAIN SHINE, AND NO MORE SHALL THE EARTH BE MALIGNED. BY THE HAND OF A GREAT PROPHET, MILLIONS WILL BE SAVED AND WE KNOW NOT THE NAME OF THIS GREAT PROPHET FOR INDEED HE IS NOT OF THE FLESH AS WE THINK. HE IS OF THE SPIRIT THOUGH HE SHALL MANIFEST BEFORE THOSE WHO BELIEVE IN HIS RETURN, AND GREAT LOVE SHALL BE RESTORED TO THE HEARTS OF MAN, WOMAN AND CHILD AND JUSTICE WILL REIGN ONCE AGAIN.

FOR IN THE END OF THESE DAYS AS WE KNOW THEM NOW, GREAT SIGNS WILL APPEAR IN THE SKY AND THOSE WHOSE HEARTS ARE PURE SHALL SEE THEM EASILY AND SHALL BE GUIDED AS TO WHERE TO GO.

Follow this and there shall be no suffering. This place where you are now shall be a place of refuge. Prepare it as such and with all Love. It shall come to pass that many will come of their own will to join you and build a community here. With this vision for future times, build cabins and do not stop building, for many will be drawn here to the Light. And healing shall become known and for this you have come.

(After the above message, which came during sunset Agni-hotra, I was so physically exhausted that I barely could get up. I managed to get to my room where I rested for some time. It was a very powerful experience, stronger than usual.)

January 14, 1999 Oasis, Sunset

In the times to come we will see many Earth changes, intensive climatic changes and the development of new lands formed in places where greatest changes have occurred. We are always thinking of what we will lose instead of the great opportunities which lie in waiting.

Oh, there are many indeed. Where great cities have fallen there will be new land formations which will become idyllic. Ah, this is hard for the human mind to perceive and the tendency is to think one's ways out of one's present dilemma. No doubt there will be those who will become enlightened, those who will become willing in the last hour to follow the commandments as they are given, but many will deny the existence of anything other than their own immediate physical reality right up until they depart this earthly plane and what can you do about it? It is not in your power to change another's way of perceiving reality nor is it in your best interest even to make a vain attempt to do so! This is the case with family members, though loved as they are, unless they are willing to look at reality from a totally new perspective after living one way all their lives, my dearest one and ones, there is nothing you can do for them. Only love them and accept that quite likely, they will not change in time. Release yourself from the attachment to them and move on. It is the Light you seek, no longer parental approval. Love is there, always it has been there. When you open yourselves to the Supreme Truth, then you realize all you need is within your reach at all times and always has been thus! Hence, what is the use of these attachments, which only bring you pain and suffering? When you release yourselves from attachments and we do mean all attachments, not only those which bring no difficulty in releasing, there dawns a new state of mind and with it the exquisite ability to see, feel and express love all the time! This is the state commonly referred to by great prophets and seers, messengers of God, as the state 'I AND MY FATHER ARE ONE'. Isn't this the goal of all spiritual practice? Ah, that one. Yes, yes, that is IT.

So, with that in mind, let go of your personal and collective fears, each one of you. For, indeed you are a collective, are you not? Alright then, we move on. It is not only fears we strongly suggest you release, but the attachments, the memories which stir the brew of attachments and the emotional responses that result from this stirring, if you will. Ah, so much work to do. But, in these times you have at your fingertips great aids, an abundance of tools and techniques to help you progress

and truly this is the time to do it. It is as if all of nature is with you at this most powerful time. So, just do it. We are not advocating a rigid approach to the development of your Higher Consciousness, if you will. We are not saying to you not to feel. Quite the contrary, feeling you must do. If you would simply feel and stop the mental chatter inside your heads, what a delightful world you would have to live in. In your hearts you will most certainly be able to access Higher Realities but how many of you actually act from your hearts? Ah, as we thought, not so many and very, very few, all the time. Then this is important isn't it? So, let us listen more, especially at those wonderfully vibrant times when absolutely nothing is being said.

There are indeed many messengers at this time. It is necessary to reach the masses, but some of the most prominent messengers will have to learn their own lessons. You will find that the followers are often more advanced than the leaders, in the case of spiritual development. It is only humility which will enable those whose hearts are open to awaken to the Higher Truths. Many of your most esteemed spiritual leaders shall indeed take a huge fall from Grace in these last and final days. Seek to follow those whose leadership is not based on rhetoric and pomp. Create your own miracles, if you will. Be wary of those who are known for great miracle mongering. It is false. It is false. Enough said.

You will notice that we mention no names. The teachings of many prophets are true. We have no quarrel with the words spoken. In most cases, the teachings are passed down in a very sacred manner and not of this world as you know it. However, it is in the quest for power that even the truest of teachings become spoiled. If, however, you follow the teachings and practice the adage 'LOVE THY NEIGHBOUR AS THYSELF' truly and without exception, then you will neither lose your way nor be led astray.

False prophets there are many and those of you who are being led by them will have a chance to depart as your awareness develops. Some of the greatest ones have already fallen; others are themselves victims of their own desires and cravings for power, whether it be in

the elusive form of money, sex or sheer domination over others. There are, however, true prophets among you who do not draw attention to themselves, neither for name or fame nor for money or power. They will gather those to them who also seek the truth but without the glamour and the recognition so oft being sought. And in the end they will be believed for indeed theirs is the power and the glory. Let us not take exception to this, as one is either for the Lord or against Him.

AND IN THE END, YOU WILL SEE MANY WHOSE ROBES BELIE THEIR TRUE NATURE AND THEY WILL BE EXPOSED FOR GREAT CRIMES DONE IN THE NAME OF THE LORD. YET TRULY THEY SERVE THE OTHER. AND THE GREAT CHURCH SHALL FALL AND THE REIGN OF THE ALMIGHTY SHALL FOLLOW AND THERE WILL BE NO OTHER AND ALL SHALL FOLLOW AS THEY WILL. AND THERE WILL BE NO NECESSITY TO ERECT CATHEDRALS IN HIS NAME AS THE GREATEST OF ALL CATHEDRALS SHALL BE IN THY HEART.

AND SO IT SHALL COME TO PASS THAT ON THE GREAT DAY HE SHALL COME FORTH AND LEAD HIS PEOPLE TO THEIR HOME. AND THERE WILL BE A GREAT AND JOYOUS SILENCE AS THE HEAVENS OPEN AND THOSE WHO HAVE FOLLOWED HIM SHALL BE FREE. AND INDEED, THERE WILL BE A KINGDOM OF HEAVEN AND IT WILL BE IN THE EXACT PLACE WHERE YOU STAND. OH, THE GREATNESS OF THIS MOMENT SHALL BE.

Therefore, we advise you now to follow with all love in your heart and release yourself from attachments, whether they be in the form of fear or emotion. Let nothing stand in your way as you come closer and closer to the Truth. And then there will come a time when you yourself must lead others, my dear, and that time is quite near. The guidance is bequeathed to you, but to lead you must first follow. Then in the act of leading, realize that you have nothing to do with it at all. You, in your own mind and heart, have only to follow and do not look behind you. For indeed, if you are to lead, you need not see that others follow. Do you understand this? The true leaders shall not look unto their follow-

ing but keep their eyes upon the Lord as they follow Him lest they lose their way in the process. And so, to lead is to follow. And how many are willing to do that? Everyone wants to lead and no one wants to follow. HUMILITY marks the true disciple of God and it is God who chooses His disciples and sends those out whom others may follow. And none are more important than the rest and none are less so. And you who seek to lead must first hear your name called and when this happens, it is such a humbling experience that shattered are any illusions you might have had about leading others for in that moment, you are truly found and tapped, if you will, to serve HIM. And this is a rare moment indeed. Many who lead have never had this experience at all.

AND THE GREAT OCEANS SHALL EXPLODE WITH WRATH AND THE LANDS SHALL PART AND GREAT CREVICES IN THE EARTH SHALL REMAIN. AND THERE WILL BE EXTREMES IN TEMPERATURES ON THE PLANET AND THERE WILL BE GREAT STORMS AT SEA. AND MANY WILL CRY OUT FOR THEIR GOD AND IT WILL BE TOO LATE. THEY CRY, WHO HAVE NEVER SOUGHT HIM BEFORE THIS TIME. FOR INDEED, THESE WILL BE GREAT TIMES WHEN SIDES WILL BE CLEARLY DRAWN. AND ALL THAT IS TOLD CAN BE CHANGED, THOUGH THE TIME IS NEARING AND THE FATE OF MAN IS THUS INSTALLED.

Yes. Yes. We know that there is time and if there was no chance to alter destiny, there would be no need for any words to be told. There is work that must be done, an awakening if you will, which needs to occur on many levels before the time to come.

January 15, 1999

The current world economic crisis will cause the beginning of the fall of several strong governments. World powers will attempt to intervene. The much sought after reforms will again be decided by the world powers.

There will be increasing unrest in the Middle East.

We ask you simply to evaluate your lives, to look into the trouble spots and see where you have been at fault for another human being's

pain or misfortune. Or let us simply look at ourselves and find the areas which are weak and need strength. Build those areas and allow for your weaknesses, but at the same time begin to realize that you are indeed Beings of Light and it is those very weak points which trouble you, causing you to doubt yourselves. This you must never do now, for these are the times during which you will indeed be called upon to be a shelter and a beacon for others on the spiritual path, in particular. Let your gifts be known. You are not in danger of becoming too proud of them. You know this. Simply let your Light shine as is the popular saying. You are the only one blocking this Light.

January 16, 1999

We strongly suggest that all of you redirect your energies to the Source of Power and by this we do not mean that Power outside yourselves but the Power that lies within you all. This is what is commonly, collectively referred to as God. It is not a man in orange robes. It is not a multilingual Master in the mountains of India or Tibet. It is not a Guru. It is not an icon from a past civilization. It is not an intellectual state of high logic. Do you know what it is? It is the greatest Power in the universe. How can you believe that this great Omniscience can be harnessed into one man, one idol, even one concept? The Power so great as this does not recognize those of a particular race, religion, creed, company, family, country, colour, clan. Ah, let us not be so mundane in our perceptions to believe in such dogmatic teachings which separate rather than unite. Those are closest to the Truth who believe GOD IS LOVE. Even beyond. As elusive as we see this greatest Power in the universe is, it is as simple, as accessible as life itself. You need not go to a cathedral, a temple or a place of Divine hermitage to access this Power. It lies within each one of you. The realm of possibilities is endless.

Concentration. As we move into such difficult times, we suggest to all of you to be concentrated in your efforts, those of you who walk the path to the Light. Do not lose your focus. Stay attuned, if you will, to

this Power which is Omnipresent and it will become stronger and stronger in your hearts and in your lives.

Kraków, Sunset

We address the issue of housing and that of sustenance in the years to follow. That is, in these great and powerful cities there will be more violence, crimes, looting. There will be great and lengthy power outages and no drinking water fit for usage. And this is only the beginning. Therefore, we strongly urge you beings of Light who have places in larger cities to vacate them, sell them, rent them, leave them and consider at least the idea of self-sufficient living on farms or in communities. For indeed there is coming the time of great food shortages. There will be food, but it may not be fit for consumption. These are real concerns, which we wish to awaken you to. Begin to look around you. The signs are all around you. Enough said, for the moment.

January 17, 1999 Kraków

Yes. Yes. We watch as the world scrambles to prepare itself for the millennium, so concerned about banking and computers, the new gods. We are, however, speaking about great ecological calamity and chaos!

There are very dark, negative forces now which are at play, if you will, all over the world. Fear provides a breeding ground for negative energies. Let us remember this. Do not allow fear to develop. The forces of Light, of Love are stronger. There is nothing which fear can benefit. Fear can only deplete your energy, leaving you weak and thus vulnerable. Fear should have no place in your hearts. Have no fear.

January 18, 1999 Oasis

We have spoken to you in our last contact about fear. It is the most important point which you humans must understand. Indeed, when the pressures of survival become actual and are no longer merely theoretical, this is when beings naturally begin to allow fear to take over, preventing logic as well as vital use of one's intuitive faculties

from being activated. We urge you all to strengthen these faculties now. Do not think that there will be first a drill so that you can all prepare yourselves for the times to come. This time now is most crucial. It is now that you can become strong emotionally. Learn to depend on your own intuition and tap into Higher Consciousness, if you will. That is basically, allow for your own evolution and stop standing in your own way. You all do it. These higher faculties formerly referred to as perhaps ESP, or even the greatly misunderstood psychic abilities, are now being attuned to higher frequencies. As this occurs, there will be more and more of you receiving direct contact from Higher Beings i.e. higher sources of knowledge or power. And this will become the natural state of being. You will use your higher states of consciousness as naturally as you now use the senses of sight and sound. Ah yes, it will be so. Yes. Some of you are simply more advanced than others at this time and for that reason you are given an undertaking to pursue which will benefit the world and not simply yourselves.

Therefore, we address you and ask that you take upon yourself the work set before you now as seriously and accurately as possible and get the information out to as many people as possible in as short a time period as possible. You are an instrument through which this information is delivered. We ask that you begin to speak exactly what you are receiving. Contacts will come to you from and through those people whom you have sent this information to. There is nothing more important in this moment. The time is near when many changes will be in effect and then, it will be too late to inform people of the changes which will come, as they will already be in the midst of them. Ah, and that time is soon.

Therefore, we ask you to pay attention my dear and record everything you hear, even if you yourself do not understand the significance or at times, the meanings. Simply record it as if you were a computer.

There is wisdom afforded to those who are willing to listen and follow. Let us not complicate the lives that have been given us. There is an increasing need now to simplify our otherwise complex lives. This is highly advisable in the coming times. Basic skills such as organic

gardening, building, medicinal herb knowledge and practice, and of course, food storage and preservation. We suggest that you learn as much as possible and when forming these communities look for those who have other skills, which you may be lacking. For example, you may not have medical training and another person interested in joining your community may have this skill. More people will come here and begin the building which we have suggested at this place.

January 22, 1999

YOU MUST UNDERSTAND, THERE ARE THOSE ON YOUR PLANET WHO SEEK NOT TO BUILD BUT TO DESTROY. It is their mission, if you will, to work in conjunction with dark forces in order to achieve what is known as WORLD DOMINATION. This is a serious matter as they have installed leaders in high places.

January 23, 1999

We are aware of these reports of UFOs in this and surrounding areas. To no one else is this information being introduced.

The conceptual realization of the phenomenon of interplanetary travel and communication is relatively new to the human race. Unfortunately, it has limited itself to mere appearances, rather than to the teachings which are of utmost importance and value in these times. We caution you to be wary of such reports. However, many are accurate and the area where you live, in particular, is fertile ground for such sightings. It is no accident that you are here. Your work is much more than it appears, my dear.

We reiterate the warning to all that fear is your biggest, most powerful enemy. Fear breeds negativity, makes one's body and mind weak, susceptible to disease and depression, thereby making the being vulnerable to outside energies which are at play in the universe. Fear breeds hatred, deceit and causes one to act irrationally. Let us not be victims to fear.

Those agents who invoke fear in others are not working for the higher good of mankind. Ye must fear no evil. Keep your Faith in

higher things. We say simply, strengthen yourselves through prayer and meditation. KNOW THAT ANYTHING WHICH TAKES YOU AWAY FROM TOTAL ACCEPTANCE AND LOVE OF OTHERS IS NOT OF THE GOOD. Judge not lest ye be judged. Therefore, any organization which promotes intolerance is not of the good. Be certain. Any governing body that tells you to shun those not of your own faith, colour, race, creed is not of the good. Be aware.

January 24, 1999

Yes. Yes. The human mind, what an amazing contraption, always defining everything in existence as either good or bad, black or white. We know that things are as they are without judgment. However, for the sake of the matter, simply yes I would say we are of the good. Yes. That is to say that we certainly hold no negative thought nor have any ill will or malintent toward the planet Earth or its inhabitants, be they good or bad. We impart these messages to you for the good of humankind whom we wish to aid in this hour. It is our mission, if you will, to help to defray, delay and defend the destruction of your planet Earth which we have always been in honour of. We mean no harm at all. We also do not stage 'abductions,' if you will. We do not work against the will of the vehicle. We honour all of humankind. We do not feel in the same manner as you of the human race. The emotional state is considered a more unbalanced state. However, we respect this condition in humans. We ourselves do not experience this state of being. That is to say that these emotions, particularly very strong emotions of anger, hate, the emotional reactions of jealousy and the intense paralysis which fear induces in the body, none of this do we experience. We find the human condition to be somewhat rudimentary, basic, rather simple in fact.

While we may not experience these emotional states as such, we understand them and therefore are able to assist human beings in their evolution, if you will. This is the aim, evolution, is it not? We do not judge others. It would not occur to us to do so. It is simply not in our frame of reference. As we observe this great planet and the civili-

zation which has developed upon it, we observe that this judgment of others appears to be the downfall of humankind. This is why we guard against it and advise you so strongly in this area. You see the human species is really rather simple. It is actually seen as being stuck, if you will, and is in need of being awakened from its stupor. My dear ones, please do not take this harshly, as we truly mean only well. And that is to say, you really must cease all judgment of each other in your own lives. And this will affect the whole of civilization as it is known today. It is not about the restructuring of territories or the rise and fall of great powers in the world. It is about judgment and refusing to fall prey to its demands. And, yes, your greatest weakness is also your greatest strength. Your tendency toward emotion also brings you the feelings of love. Love, as a state of being, is without emotion. In any case, we are not here to discuss semantics, nor is it our concern to alter the emotional state of humankind.

We are here simply to assist in the evolution of civilization on planet Earth and to aid the planet to a state of safety and balance. It is at present an endangered planet. However, to view this planet Earth from simply an ecological point of view is not sufficient. THE ILLNESSES ON THIS PLANET ARE A RESULT OF THE SUFFERINGS OF THE SPIRIT AS WELL AS THE SUFFOCATION OF EARTH AND ITS NATURAL RESOURCES. Therefore, a great spiritual awakening is also necessary to bring about the change to occur. Simultaneously, the Earth needs to be healed. Ah, and time is running out.

Yes, it is good that this work is being concentrated now in AMAZON REGION. Make this work public now, as public as possible.

January 27, 1999 Oasis

There will be great storms at sea in the East. Great famines in warring nations.

At any moment, the horrors of war could be stopped by these Super Powers. Why is it not done so? Think about it. If it is in the best interest of the major Super Powers to allow these horrific crimes to continue, they will simply make statements of judgment, threats and

promises to act. Yet nothing is done. If the Super Powers need a war, they will allow it, even create it if necessary. UNLESS THE PEOPLE RISE UP AND DEMAND THAT THEIR COUNTRIES ACT TO STOP THE GENOCIDE, NOTHING WILL BE DONE. However, in these countries, the public has its own concerns close to home and they have been placated, if you will, and simply do not have the time to take action. We tell you now. WHEN PEOPLE OF THIS WORLD HAVE NO TIME TO HELP OTHERS, THAT IS WHEN THEY BRING UPON THEMSELVES THEIR OWN DOOM.

January 28, 1999

Yes. We told you information before, regarding AURA. This should not be taken lightly. Work with this energy. You will receive all the guidance you need. Books were recommended to train the mind to receive this higher knowledge. Higher knowledge is not necessarily transferred via books, You may indeed access it on your own. You know this. Make time for it.

One must learn to conserve one's energy even in stressful situations such as you find in major cities. It is not simply pollution. It is energy and the vehicle is worn down by it. Unless you learn how to conserve your own energy, you will constantly be depleted and be in need of recharging. Once you master the art of conservation of energy you will be able to travel anywhere and emit Light without falling victim to fatigue, depression, exhaustion, physical or mental. Do you understand? Now, you must learn to manage the energy which you have. It requires an awareness at all times, a constant 'being in touch with' one's essential or Higher Self. This can be assisted with breath meditation for higher levels of concentration, by use of vibrational words or groups of words such as the MANTRAS which you chant at sunrise and sunset. THESE ARE OF HIGHEST VIBRATION AND RESONATE WITH ALL OF THE UNIVERSE. This you were informed in the beginning of contacts. Do you recall this now?

Then, the use of certain colours which are best for the vehicle to wear particularly in these highly stressful environments. Certain

colours are protective, healing and reflective. They are green, blue, white, violet and gold.

There are several sources of information which are subject to close scrutiny by the powers that be. All radio and TV are controlled to a certain extent. And yet one can ascertain the Truth even via the media. Not everything is as censored as it seems, which is why we suggest that you and others pay attention to the daily news. You may hear or see what they want you to see, but you can also understand the shading that reports are given and see the Truth beneath them.

Former Secretary MacNamara was one of those with whom great control was placed. Also Rusk.

During this period of time, changes within the U.S. government were quite secretive and intense.

All the assassinations were part of an organized plan to silence those whose position was immovable. If they could not be counted as willing to participate, they were counted as those who must be eliminated. It is that simple.

In the mid sixties in U.S., power fell into the hands of a few industrialists and the politicians backed by them. There followed an era of changes which reflected this investment of power. The peace movement of the sixties instigated a tightening of the power belt, if you will, and a lashing out at an increasingly sympathetic media which, in turn, was bought out by the powers of which we speak. Great disillusionment followed. Many sixties' radicals, peace poets, rioters and the like retreated from the frontline, had children of their own and grew less and less interested in the world outside. There followed a period of complacency, general disinterest in political affairs and material growth. Americans became sedated by luxury and material gain. Environment took a back seat to economics as everyone took care of their own backyard and no one took a look at an ailing planet whose resources were drained by the great strides in progress!

AND NOW WE SEE A PLANET CHOKING ON ITS OWN EXHAUST, EXHAUSTED IN ITS ATTEMPTS TO REGENERATE POWER, IN A WEAKENED STATE FROM INCREASED POLLUTION, ITS LUNGS FILLED WITH SMOKE, TAR AND THE ILL EFFECTS OF MODERN LIVING. And now we observe this great human race racing toward the momentous millennium, fearing the future they themselves have created. Ah, what a pity. Why must it take a catastrophe to awaken the human race into action? Well, so it is.

THE SIGNS ARE EVERYWHERE, IN EVERY BLADE OF GRASS, ON EVERY MOUNTAINTOP, IN EVERY SEA, ON THE WINGS OF EVERY BIRD, IN THE HEART OF EVERY MAN. YES, YES. THERE IS TIME TO HEAL, BUT THE TIME IS SO SHORT AND MAN IS STILL LOOKING FOR WAYS HE CAN CONTROL AND DIRECT, RATHER THAN COOPERATE WITH. NATURE IS WITHOUT EGO. THERE IS ONLY SO LONG THAT NATURE CAN ALLOW ITSELF TO BE MANIPULATED FOR POWER AND MATERIAL GAIN. AND THE TIME HAS COME TO ITS PEAK AND THE WINDS OF CHANGE SHALL BLOW AGAIN. YET, THIS TIME IT WILL BE NATURE'S TURN, NOT MAN'S. AND MAN, IN THE END, WILL KNOW A GREATER POWER EXISTS THAN HUMAN WILL AND HE WILL BE HUMBLLED BY IT.

AND THE GREATEST MIGHTY NATIONS SHALL FALL AND THE SIGNS SHALL INDEED BE SEEN IN THE HEAVENS. AND THE DAY SHALL BECOME NIGHT AND NIGHT, DAY. AND THE GREAT SEAS SHALL RISE AND CONSUME GREAT LAND. AND THE MOUNTAINS SHALL RISE AND BECOME KNOWN. AND THE GREATEST OF ALL SAINTS SHALL APPEAR BEFORE YE AND YE SHALL CHOOSE TO FOLLOW BY THE SIGN ON THY HANDS. AND THERE SHALL REIGN GREAT PEACE AND THE KINGDOM OF HEAVEN SHALL BE UPON YOU AND YOU WILL KNOW GREAT PEACE.

So often, those in power quote passages from the bible. Yet everything is foretold and none have foreseen it coming.

My dear child, look into those ancient scriptures which have been passed onto generations and its revelations shall reveal all which we have told you in ancient tongue.

Nothing is new. Nothing is news. Corrupt politics, church and state, all cannot prevent the times from coming. Humankind cannot survive without nature. Yet nature can survive without you. It is a lesson not easily learned.

You seek to divide territories, assign ownership, prohibit others from partaking in its natural resources, then build factories on top of sacred places and assume that no power in the universe is greater than the human will and that no power can stop you. And yet, in an instant it can be reduced to rubble and not by the nuclear bomb so feared, but by nature rising up and claiming what is hers. And let us fight to preserve her and cease to destroy. The enemy is in your own hands.

And those of you who have been chosen to participate in the saving of this planet Earth have great responsibility in your hands. And do not become lax, for there indeed is so little time.

And it is already so that nations have risen against each other and the Earth has indeed trembled. And the rains which have fallen have indeed been destructive to the land. And so it will continue.

AND THE GREAT STAR SHALL RISE IN THE SKY AND THOSE WHO ARE READY SHALL SEE THIS STAR AND BE AWAKENED FROM SLUMBER. AND THERE WILL BE GREAT JOY IN THEIR HEARTS. AND A GREAT PEACE SHALL FOLLOW. AND THIS TIME IS NEAR.

My dear, you must release this fear. We do not wish to cause problems that are already engulfing a nation. Simply, we are pointing to a corruption that exists on every level, including corruption in major religious bodies. This is nothing new. Be aware, but do not be with fear.

There will be sudden storms at sea. Remember this. They will indeed be quite strong, causing extensive damage to coastline and towns along the coast. This will happen shortly.

There are areas off the coast of Spain as mentioned before, which will suffer most damage from storms.

Any experiments now being conducted in space will lead to more chaos on this planet.

The forming of ecological villages, biological farms and the like is important now. In Poland, this will happen quickly. In a few short years, the country has made such sweeping changes that take ten to twenty years normally. Ecological movement will grow here.

February 9, 1999

From March, there will be increasing atmospheric disturbance affecting weather patterns. Previous warnings of Earth's changes have been ignored and effects have been disastrous. This warning will be repeated again and again until it is attended to.

And now you must realize the political climate in U.S. is ripe for dissension. There are so many players in the current drama being enacted in the White House currently. But what is actually being enacted whilst the play continues?

Contact shall again be made with space frontier. What is actually known, though quite a bit more than what is publicly announced, is only a small fraction of what is available. It is like reading one page of one chapter in a large volume of books in a major library. And that is what is known by man. Yet in an instant, all can be known without scientific research of any kind. And this can be told through a child! Ah, the intellect of man is small indeed, hampered by one's need to know.

February 12, 1999

Greatest suffering in Africa now. It will become epidemic.

Sources of information from Russia will be some of the first to reveal shocking discoveries about life beyond the moon.

Complex are the histories of those who came before you. There are left behind, keys to unlock great mysteries that plague mankind today. And these great mysteries are accessible, quite. It is through this that man will realize his own nature and the direction of his species as it pertains to the total world which surrounds him.

Without that preliminary awareness of life elsewhere, one cannot develop further. Limitations are just that, limiting.

There will be disease in cattle and not only in one place, but in several places.

February 13, 1999

Yes. Yes. Fragile relations in Arab nations threaten long-standing peaceful nations. There will be more wars, more chaos in Middle East.

We have much to say. Can you hear us? (I replied 'yes')

(I had been hearing a high-pitched ringing sound, like little bells, similar to what I had heard the time when the coloured discs of light had appeared in my room. I was mesmerized.)

Now we draw your attention to the state of the environment. When we refer to environment, we of course take into consideration the unfortunate fact that this is understood to refer to your planet Earth alone. However, the condition of your planet has an effect on those which surround you. Ah, but it is enough to get the leaders of your governments to consider their own ailing planet. This, in itself, is a great undertaking.

We see areas of great comfort and ease of life. Then, areas of deep despair, disease, disharmony and death, as if this planet is composed of many different planets, each separate unto itself. We cannot fathom this reality. We cannot imagine the pain and suffering of one having no apparent effect on another. Our civilization, if you will, is far more advanced. As we stated before, we do not experience the feeling of emotions, if you will, as the human species experiences them. However, we are able to understand this phenomena on another level, quite removed from that of mental comprehension, still completely effective. On this level, everything has an effect on everything around it.

There is no isolated incidence which does not have its profound effect on all that surrounds it. That is to say, all are One, if you will. All are indeed One. And this concept is difficult for humans to embrace. It is the aim of much spiritual practice and it is often with great effort, meditation, prayer, practice that humans are truly able to grasp this concept, which for us is understood. It simply is.

We know no wars, the concept of hate, the idea of destruction. However, we understand that in humans and we are able to neutralize, if you will, these effects.

This fire which you practice has this neutralizing effect on exactly those concepts which have just been reiterated. It is this very tool that has the ability to make tremendous change in the energy all around it. Not only does its effect change the molecular structure in plants, in soil. Yes, it also has reverse action on man himself. That is to say, THE EFFECTS OF THE AGNIHOTRA FIRE, AS YOU CALL IT, CAN REVERSE THE DIRECTION DISEASE TAKES IN THE CELLS OF THE BODY. Disease can be eradicated if one ingests the ash taken from the purest of Agnihotra fires alone. If the person is present during the exact times of the fire, that is to say exactly at sunrise and at sunset, indeed the body can be cured of any disease. This has a phenomenal effect on physical illness, on the growth of healthy cells in plants. In particular, this fire will have a profound effect on mental illness, on skin diseases and on specific types of cancers.

We implore those of you involved in spreading this work around the planet to publicize the results of your work in every country for indeed, this is the time to change the turn of events in the world. We applaud the work done in South American countries but it must be publicized. Let it be in the public eye, journalism, television.

Yes, yes. Indeed, it is preferable to develop oneself from inside out rather than relying on outside inspiration to turn you inward. Outside will never turn your focus to your inner self. It will only trap you in an intricate web of drama, suspense, conspiracies and fear. Yes. Be aware

that there are those in high positions whose aims are anything but pure, whose goals of world domination are frightfully real. Be aware that these factors exist. Then, work to develop yourselves, form ecological communities and work for the awareness of humankind. Do not be drawn into debate on the subject. Simply be aware of it. Continue on.

February 15, 1999 Kraków

Yes. Yes. There is a vortex of energy here.

Any area of land, no matter how poor the quality of soil, whether it be as of clay or sand, this method of healing through fires will transform it into a healthy, enlivened garden of paradise with little effort. Yes. Yes. THIS METHOD IS THE WAY FOR FUTURE SURVIVAL TECHNIQUES TO BASE THEMSELVES ON.

We must advise you to go public now with research findings, documentation on experiments done in your various locations and teach this method everywhere. Truly it is a gift from the great ones to planet Earth.

Our purpose in addressing this subject is twofold. Firstly, it is our work to awaken, if you will, the great living populace to the fact that your planet is in the dying process and very much needs rejuvenation from its very core. Work, if you will, from the ground up. Then, secondly, the vision of World Peace shall greatly be enhanced by practice of this healing technique through use of Agnihotra and other fires. Teach. Educate. Tire never.

And lastly, there is one saintly spot in the Himalayas where great visions will be bestowed and further messages will be delivered through your instrument. And there shall be great fire there for many days. And great healing shall be introduced into the atmosphere from that place. And that time is nearing now.

Yes. Yes. There will be many coming to this holy place, OASIS. It is truly a blessed, sacred centre. Focus on healing there now.

The human organism is in need of Light. The human organism

is not merely the physical form. Listen. There are several bodies. On the physical level, the organism requires food, water, air, light. For optimum health, your organism requires exercise, rest. On the more ethereal levels, the human organism has quite different requirements for optimum health and development. Of these, LOVE IS THE HEALING AGENT THAT ENACTS A CHANGE ON EVERY LEVEL. We do not speak necessarily of this emotion bound love, that titillates and uplifts, then falls as any emotion will and leaves the organism flat, like a balloon which has been punctured and air escapes from the hole. The human aura is like that balloon. Where there are cracks, if you will, as punctures, in the aura, energy is released or lost from these points. This may leave the vehicle feeling physically weak, out of sorts, prone to mood swings, particularly prone to angry outbursts, fear, or the defense mechanism of completely shutting itself off from other significant human contact. That is in the final stages. It is not difficult to work with these other levels to heal the organism. On the other levels, you are completely aware what to do. You fear it. Release your fear and do the healing work for which you have been sent to this country.

You must embrace the Polish people. There is great karma being worked out here. Your development is greatly enhanced and speeded up by your being here in Poland.

Let us reiterate that your work is in the healing arts and in this realm you will be greatly empowered with healing energies like no other. It is for this work that you have come. Your Mandalas are for this purpose. They do not 'happen' to have healing faculties. They are done specifically for healing. Do this.

You will also learn to use various avenues for healing including hands-on therapies together with Jarek. You must cease to think of yourself as anything, simply a vehicle and this will enrich you greatly. Yes, you are a woman and mother, artist, writer. Let that be as it is. You are vehicle, instrument, if you will, in all the roles you undertake. But, let that be your focus. Ah, it is source of greatest joy for you. Great source of joy now.

Sunset

Yes, yes, yes. There is great healing energy present here with you. ARKADIA.

Where there is Love, all fear dissolves, all resentment fades, all deceit is unmasked. Where there is Love, there can be no fear, no judgment as judgment does not originate in the heart. Fear is like a deadly weed that can and will destroy the garden if left unchecked. Yet, Love cannot abide by fear. Never, never the twain shall choose to meet.

It is time for you to give healings now all the time. In this way, your own blockages to feeling will dissolve and you will evolve.

Ah, now let us return to the previous discussion we were having on the healing of diseases. You are blessed, my dear vehicle, with such intense Healing Power at your fingertips. It is that which causeth you pain that is what you must be prepared to release. And that, my dearest vehicle, is being released now. Allow it to be dissolved. Allow for the pain to be released from you and, ah, you will be a free one. Yes. Yes. And it is this healing energy that causes you pain only when you do not use it. Ah, and in your company those who are holding any pain inside them will find their pain released. It is not about being suppressed, unable to express yourself. It is not about your art or the creative energy being blocked. It is about the healing power, which is not being tapped and must be in order for you to fulfill your own mission in this time.
